## Announce Rate of Pay For Farm Storage

Winnipeg, Oct. 2.—The Canadian Wheat Board announced today the basis upon which it will pay storage on wheat stored by producers and subsequently delivered to the board between Nov. 1, 1940 and July 31, 1941.

The rate of payment will be 1-45 of a cent a bushel per day, the same as that which applies on wheat stored in country elevators. The board's fixed price on the date of actual delivery to country elevators will be the basis of payment.

Farm storage will begin Oct. 8 and will be paid on all grades of wheat delivered to the Board between Nov. 1, 1940 and July 31, 1941.

The following table of prices for No. 1 Northern shows the basis upon which farm storage will be paid to producers by the board:

Nov. 1-22, 70 1-2 cents a bushel; Nov. 23-Dec. 15, 71; Dec. 16-Jan. 7, 71 1-2; Jan. 8-30, 72; Jan. 31-Feb. 22, 72 1-2; Feb. 23-March 17, 73; Mar. 18-April 9, 73 1-2; April 10-May 1, 74; May 2-24, 74 1-2; May 25-June 16, 75; June 17-July 8, 75 1-2; July 9-31, 76.

## Red Deer Presbyterian W. M. S. Meets

The southern portion of the Red Deer W. M. S. Groups met at the United Church in Crossfield on Tuesday afternoon, October 1st.

The Executive met at one o'clock and was followed by the General Session at 2 p.m. Mrs. J. M. Fawcett of Didsbury led in the Devotions, the Session being presided over by the president, Mrs. J. Boorman of Didsbury. Mrs. G. G. Pybus, of Carstairs, presided at the piano and rendered a very fine piano solo. Friends from Didsbury gave a suitable solo and duet.

The speaker of the afternoon was Miss G. McLennan, formerly a missionary in Honan, China, gave a very inspiring talk. She related how the Japanese had invaded and taken over Honan from the Chinese and how the English speaking missionaries were driven out but the splendid work done by the missionaries for years is still being carried on by the Native Church.

The Crossfield ladies served a bountiful luncheon at the close. Mrs. D. W. Whillans and Mrs. F. Purvis presiding.

## Mission Band Reorganize

Twenty enthusiastic boys and girls met this afternoon, under the leadership of Mrs. H. R. Ballam, to reorganize the Mission Band and outline plans for their activities and work for the coming year.

Officers elected to serve a four-month term were: President, Barbara High; vice-president, Bruce Wood; secretary, Doris Patmore; treasurer, Gerald Hurt; press reporter, Fern Patmore.

Neville Chamberlain, former prime minister of Great Britain, resigned from the Churchill cabinet today. Mr. Chamberlain, who is 71, has been in failing health since a recent operation and will retire from official life.

## German Tanker Bombed

This picture shows, the British censor says, a British bomber diving over a blazing German tanker. Where the action took place is not given and whether the tanker had been attacked by the bomber is not indicated by the censor—but there is little doubt of how the tanker got that way.

## LOCALS

The Oliver Cafe has recently installed a new electric refrigerator as an added convenience and service to their customers.

Miss McLennan, late of Honan, China, was the guest of Rev. and Mrs. H. V. Ellison at the Manse during her stay in Crossfield.

Mrs. Ethel Bishop who has been visiting her brother, Wm. Urquhart for the last two months, left on Sunday for the Coast.

Though still confined to the house, Mr. H. A. Bannister is able to be up around after a severe attack of flu.

Owing to unforeseen circumstances, Carl and Norman Bills of Van Nuys, Cal., have found it necessary to cancel the trip they had planned to the Crossfield district this fall.

Rain on Tuesday and Wednesday has held up threshing operations indefinitely. Though no rain fell today, it was cloudy and cool. It is estimated that not more than 25 per cent. of the threshing has been done in this district.

## LOCALS

Fred Amery of Walla Walla, Wash., is a visitor in the district.

Cincinnati Reds won 5-3 over Detroit Tigers in today's game, to tie the World Series.

Mr. R. Newsom, who has been on the staff of the Olds Gazette for the past four years, has leased the Rimbey Record and will take over publication this month. Mr. Newsom has had considerable experience in newspaper work having been with the Castor Advance and Nanton News before going to Olds.

## CARD OF THANKS

Miss Daisy Robinson would like to thank all those who inquired and sent flowers to the hospital to her, where she spent a week convalescing after a very painful accident. She is much better but far from well yet.

I wish to express my sincere thanks to all friends and neighbors for the kindness and sympathy extended to me in my bereavement, also for the beautiful floral tributes.

Mary Sutherland

## LOCALS

Almour Marshall left Sunday for Vancouver, B. C., where he will spend a month visiting relatives.

Mrs. Vera Brown has gone to Blairmore, where she took over the beauty parlor in the Cosmopolitan Hotel on October 1st.

The quilt which was raffled by Justice Rebekah Lodge, and drawn for last Saturday night, was won by Mrs. C. E. Richardson with ticket No. 2.

Joe Ellison has registered at the Technical school in Calgary where he is taking a course in industrial electricity and radio.

Miss Daisy Robinson returned home on Sunday from Calgary where she had been in hospital for treatment of injuries received in a fall.

The Midland-Pacific elevator here received what is considered to be a record load of wheat recently when Bob Knight of the Irricana district brought in 286 bushels of No. 2 Red Bobs. His truck is a 3 ton Chevrolet with a special grain box.

## CANADA'S WAR EFFORT

A weekly review of developments on the Home Front: Sept. 19th-28th.

### SUMMARY

1. Canada takes over six of the fifty American overage destroyers transferred to Great Britain in return for the lease of air and naval bases. They raise Canada's destroyer to thirteen and will be given names of rivers common to both the United States and Canada.
2. Canadian forces on service, both both home and overseas: Army, 161,000; Navy 11,149; Air Force 26,500.
3. Daylight saving time indefinitely extended as war measure. Purpose To save electricity.
4. During the week ended September 7th, Munitions and Supply Department awarded 1,251 contracts totalling \$5,515,317.
5. Subscriptions to Canada's second war loan totalled \$342,248,300. They exceeded the objective by \$12,248,300.
6. Organization of Air Cadet Corps announced. New corps will operate along lines of army cadet corps in schools. Purpose: To interest boys of fifteen to sixteen in the Royal Canadian Air Force.
7. Commissioner appointed to administer National Unemployment Insurance. Chairman, Dr. Joseph Sirois, former Chairman of Royal Commission on Dominion-Provincial relations.

## First George Cross Won By Canadian

The King has awarded the George Cross to Lieut. Robert Davies, formerly of St. Catharines, Ont., and Sapper George Cameron Wylie, both of the Royal Engineers, for bravery in removing a time bomb which threatened St. Paul's Cathedral. It was the first time the newly-created award has been granted.

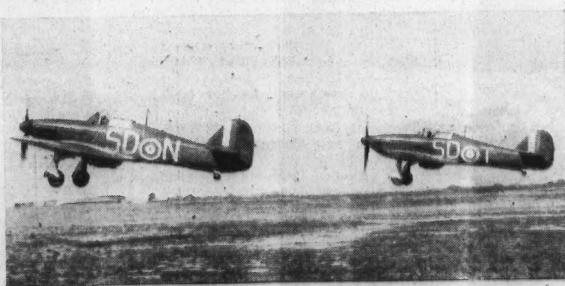

The George Medal, also a new award intended for wider distribution, was conferred upon Patrick King, Northumberland air raid warden, for aiding a blind woman from her bombed home while bombs were still bursting nearby.

## The Issue — Our Happiness

There is no doubt whatever that the issue being fought out by the British people with such immortal heroism is not only decency and safety, but the daily bread and ordinary everyday happiness of Canadians and Americans in every province, every state, and every class. — Matthew Halton in "Let's Face the Facts" series.

## Nazi Bombs Demolish Isolationism

"Nazi bombs are demolishing American isolationism faster than British homes. They are failing to destroy moral or military resistance in Britain but are building it up in the United States." — Christian Science Monitor, September 23, 1940.

## TOWARDS THE 180 IN ONE DAY

Up roar Hurricane fighters. Soon they were among the German raiders, blazing bullets into some of the 180 that Britain crashed down in one day to create a new air record.

### WAR-TIME SHOWS THEM UP—

Immigrants into Canada in future should be carefully selected so that our population will be made up of those who will be an asset to the country. A great many have lived here on the fat of the land and proved to be a liability to the country.

When establishing new citizens we might just as well have them "hand picked" as it were, so that this country will be made of those who will become good Canadians and work for the welfare of the Empire.

We are endeavoring to keep the record of enlistments from this district as complete as possible. The list will be brought up-to-date and published every month and if any of our readers know of anyone serving in any branch of the service whose name is not included below, they are asked to advise the Chronicle or F. Mossop.

### STATE OF DENMARK AND ITS DAIRYING

By B. Leslie Emslie

"Denmark is a prison" said Hamlet and drew the retort, "Then is the world". The description fits the state of Denmark today, and the worse fate which has overtaken so many of her neighbors threatens the foundations of liberty throughout the world. To peaceful Denmark the enemy came like a flood, confiscated and dissipated her flocks and herds and stamped out freedom among the people.

Denmark, once the Mecca of agriculturists from other lands, who went to study her methods and applied the knowledge gained to the advantage of their own communities, when will she be restored to her former state? Denmark, which used more fertilizer per cultivated acre than any other and has over 80 per cent of her total land area under production, was the world's largest exporter of butter in 1914. During the first great war her livestock population decreased, and it was not until 1922 that the yield of milk and butter again reached the 1914 level.

Danish pork and butter are no longer available to Britain, and the Dominions are called upon to supply the deficiency. Denmark gave to Britain the gracious Queen Alexandra who, when shown an exhibit of Canadian butter in London, said she had always understood that Danish butter was the best. "No," replied the tactful attendant, "our best queens come from Denmark".

#### MEASURE OF A MAN

Not—"How did he die?"  
But—"How did he live?"  
Not—"What did he gain?"  
But—"What did he give?"  
These are the units  
To measure the worth  
Of a man as a man.  
Regardless of birth.

Not—"What was his station?"  
But—"Had he a heart?"  
And—"How did he play  
His God given part?"  
Was he ever ready  
With a word of good cheer,  
To bring back a smile,  
To lament a tear?"

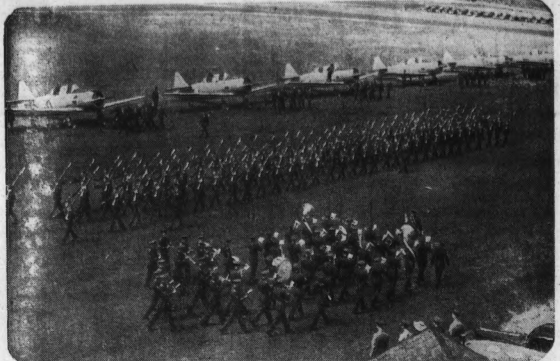

—Missouri News.

**IN THE RACE FOR BUSINESS**

The gentleman on the torinese represents the man who does not advertise—the one who tries to do business as it was done in the days of the tallow candle or the oil lamp. Are you in the glare of the electric light—in the automobile of Modern Methods?

Our Want Ads are high voltage batteries, whether you want light or power—business publicity or competent help.

Twenty-five years ago Air Force pilots hardly knew one end of a rifle from another, while marching was—well, something left to the infantry. Not so today, as the above photo shows very well. The Royal Canadian Air Force of today is one of the smartest branches of the Services and can march or drill with any of the crack regiments. Here are seen the R.C.A.F. band, the guard of honor, and Harvard training planes lined up in the background. The machines were later put through their paces.

### The World of Wheat

By H. G. L. Strange

September 28th is the anniversary of the landing of the Normans on the shores of Britain in 1066.

The Normans assembled 3,000 vessels and 60,000 men on the French Coast during August, and in September, as a ruse, pretended to disperse their fleet and army.

The Normans then arranged for a force of Norwegians to invade the northern part of Britain. The Saxton King Harold took his army from the South Coast to repel the Norwegians, and while he was doing this the Normans landed at Pevensey in Sussex. The Norman Army, however, had to rest on the South Coast sixteen days before they were ready to fight, and then on October 14th, 1066, was fought the battle of Hastings.

The Britons lost because they were unable in time to reassemble their ships and soldiers which had gone north to fight the Norwegians.

The Battle of Hastings sowed the seeds which finally blossomed into the British Empire, one of the branches of which is Canada, which became the wheat granary of Britain; and now Hitler is trying to destroy, on the South English Coast the great British Empire started on that very spot by the Normans in 1066.

Hitler likes anniversaries, so we must watch out during the month of October.

Following factors have tended to raise price:—No export licenses will be granted for wheat, corn or barley from Turkey—There will be no surplus of wheat in Jug-Slavia this year—It is estimated that Australia's wheat crop will be approximately 115,000,000 bushels less than last year—Russia is arranging to import U. S. A soft white wheat.

Following factors have tended to lower price:—Peruvian Government has prohibited the importation of rye and ordered that the flour of quinnia is to be mixed with wheat flour—A good corn crop is anticipated in Rumania—Acreage to winter grains in the U. K. is expected to show an increase over last year.

Look at the label on your paper. It tells when your subscription is paid up to.

### FRANCE ON A MILK RATION

By John W. S. McCollough, M.D., D.P.H.

France, duped by her leaders and placed in the toils of the German dictator, has been placed on a milk ration in order to combat the butter shortage. A decree of the puppet government forbids the sale of unskimmed milk except for children, expectant or nursing women and sick people. The skimmed product may be made into condensed milk, but this too will be reserved for the above named category of persons.

Milk production is placed under interprofessional groups under the direct supervision of prefects and the national control of the Ministry of Agriculture and Supplies. One hopes that they will pasteurize the milk, for France is riddled with tuberculosis.

Milk, butter and condensed milk purchasers must obtain ration cards entitling them to the milk ration. Children will be entitled to three-fourths of a litre (about a pint and a

quarter) a day and in medical cases a half a litre, and the ration for expectant mothers will be governed by the doctor's prescription.

Skimmed milk may be sold to the public and it may be utilized in the making of cheese, condensed milk and milk powder, which may be supplied to restaurants, hotels and grocers.

The powers of Germany have stripped all the conquered countries of Europe of cattle, swine, hens and whatever foods and other supplies they could lay their hands on. Because of this arbitrary action one may expect ultimate starvation for the poor people of these countries and following starvation, lowered resistance and death in thousands of cases, for the blockade of Britain will assuredly prevent food reaching them from outside sources. There is no object in lightening the blockade for recent experience has shown that the conquerors would immediately steal the food provided by outside benefactors.

### A Giant Torpedo

A type of torpedo used by the British and the Royal Canadian navies, consists of a hollow steel body and an explosive head. It is cylindrical in shape, 22 feet long and 21 inches in diameter and weighs over one-and-a-half tons. It travels at a speed of 50 miles an hour.

British Columbia, Manitoba and Saskatchewan produce Canada's zinc, with British Columbia being the largest contributor.

It takes 1,000,000 pounds of ore from the Eldorado mines of Canada, believed to be the richest in the world, to produce one gram of radium in final form.

### THE VICTORIA CROSS

Last February 22 was the eighty fourth anniversary of the announcement in the London Gazette of the institution of the Victoria Cross.

The scope of the award was increased in 1911 to include Indian troops and in 1920 women became eligible. Nurses of all kinds can now receive this award, and civilians of either sex regularly or temporarily "under the orders, direction or supervision of naval, military or air forces of the Empire."

The V.C. is worn before any other decorations. It entitles a man below the rank of commissioned officer to 10 pounds a year, with 5 pounds a year extra for a bar. If a V.C. holder is unable to obtain a livelihood on leaving the service the amount can be increased to 50 pounds a year.

The award can be taken away for treason, cowardice, or felony,

and it can be restored by the King. The intrinsic value of the cross is threepence.

### Red Cross

Another Maple Leaf Club in London operated by the Canadian Red Cross has been battered by Nazi bombs. There were no casualties. The service provided by the Club has been carried on in other quarters and there will be no let up in the work. This was the second time within a week that Canadian Red Cross property in London had been damaged by air raids.

Canadian Red Cross workers are continuing their efforts day and night in England on behalf of people left injured and homeless by enemy raids. Mrs. Plumtree, Chairman of War Activities, stated.

"Thousands of articles of clothing and hospital supplies as well as tons of food are being distributed daily. The Canadian Red Cross has cabled ten thousand dollars to its London Office to purchase urgently needed boots and shoes for homeless children. This is in addition to the ten thousand pairs of rubber boots being shipped from Canada in response to an urgent appeal from London. Thousands of blankets stored in Canadian Red Cross warehouses in England are being distributed daily and in response to a cable received last week, ten thousand more will go forward from Canada at once."

Mrs. Smythe: "I always feel better after a good hard cry."

Mrs. Smith: "So do I. It sort of gets things out of your system."

Mrs. Smythe: "No, it doesn't get anything out of my system, but it does get things out of my husband."

### ADVERTISED GOODS

People know more about advertised goods than about those that are not advertised. If you ask what is a good thing to buy for some need, people will usually quote some widely advertised article that everyone has heard of. If you ask about some competing article that is not advertised, they will usually say they never heard of it, consequently they are not likely to buy it.

People not merely buy the advertised goods they have heard of, but they are more likely to buy at the stores that are well advertised. These concerns appear constantly before the public eye by their widely read notices. A concern gets a big advantage over its competitors by the relatively small expense of advertising.

### Household Hints

A black cow feeds on green grass, yet gives white milk. Plums may be green when they are red. Grapes may be ripe when they are green.

And the Valencia orange that is brought to you around this time of year is certainly ripe in spite of any green tinge it may have. Fruit growers call this the "green tinge mystery". The oranges may be highly colored in March or April before they are really ripe. As the summer sun increases in intensity, the sugar content of the fruit is increased, but some oranges, particularly the outside ones that are not shielded from the sun, begin to show green around the tip. No one fully understands this mystery, but you may rest assured that the juice of your green tinged orange is just what you want. Try them in your favorite recipe, or serve one of the following and give the family a treat:

#### Breakfast Cocktail

1 egg yolk, juice of 2 oranges.  
1 teaspoon honey or sugar to taste.  
Pinch of salt. Beat together and drink as an appetizer before breakfast each morning. Serves one.

#### Orange Chiffon Pie

1-4 cup cold water  
1 tablespoon gelatin  
1 cup sugar  
3 eggs separated  
1-4 teaspoon salt  
1 cup orange juice  
1 teaspoon grated orange peel  
2 tablespoons lemon juice

Soften gelatin in the cold water. Mix sugar, beaten egg yolks, salt and orange juice in top of double boiler. Place over boiling water and cook until thickened, 10 to 15 minutes. Add softened gelatin and grated orange peel to hot mixture. Stir and cool. Add lemon juice. When mixture begins to thicken, fold in stiffly beaten egg whites. Pour into baked shell of plain or orange pastry, or a crumb shell of cereal, wafers or crackers. Chill until firm enough to cut. Serve with or without whipped cream.

Rub stains caused by indelible pencils with denatured alcohol. After soaking five minutes, rinse in mild soap suds.

Sprinkle chopped dates, raisins, chocolate shot or grated sweet chocolate, nuts, coconut or candied fruit over the top of cake batter just before putting it into the oven. It will give the cake a delightful coating. Use half a cup of coating for the average-size cake.

### Donations Help Scientific Effort

Through the National Research Council in Ottawa, Canada is carrying a large share of the Empire's scientific war against Fascist powers. This work has been aided by donations from patriotic individuals and firms, which total about \$2,050,000 at the present time. This sum includes \$250,000 from the T. Eaton Company and \$250,000 from Samuel Bronfman and his three brothers in Montreal.

"I want to tell the wonderful story of the part Canada is playing in the creation of this vast Air Training Plan, which is one of the greatest things that has ever happened in the British Empire — The British Commonwealth Air Training Plan — is the biggest single enterprise that Canada has ever undertaken." — Sir Evelyn Wrench, B.B.C. Broadcast, Sept. 23

Men going to compulsory military training camps next week will receive free transportation on bus and railway lines stated Joseph P. McIsaac, registrar of the Alberta War services board.

## COMING EVENTS

The regular meeting of Floral U.F.W.A. will be held at the home of Mrs. W. D. McCool, Wednesday, October 9th at 2:30 p.m.

### Plural

Mrs. Hefty: "I've had had a lot of trouble in my life, but I've always kept my chin up!"  
Mrs. Catty: "Kept it up, my dear? You've doubled it."

### Pleasantly Surprised

Speed Fiend (as he slowed down a bit): "Whee, don't you feel glad you're alive?"  
Timid Passenger: "Glad isn't the word. I'm amazed."

Pauline: "Men are the most changeable creatures on earth."  
Josephine: "What makes you think that, dear?"

Pauline: "Well, only a fortnight ago I was desperately in love with Dick and now I simply cannot stand him."

"In 1941 Canada will be producing explosives at an annual rate more than twice as great as the entire production of this country in the Great War." — Hon. C. D. Howe

Canada's chemicals and explosives program now involves capital expenditures of \$60,000,000. This includes the erection of 10 new plants, several of which will equal in magnitude anything of a similar existing in the Empire.

Claiming that all interested persons and groups except packing houses had protested against new hog carcass grading regulations which became effective Sept. 30, Hon. D. B. Muilen has in turn protested to Ottawa. "If this action is not cancelled it will discourage hog raising and will intensify the bitter distrust which producers have in being compelled to place their hogs on the packer's doorstep," he informed Hon. J. G. Gardiner.

### REGULAR BAPTIST CHURCH

Morning Service, 11:00 a.m.  
Sunday School, 12 noon  
Evening Service, 7:45 o'clock

Young Mr. Bordenbury landed home late from a whist drive. He brought a prize — a large oil-lamp. He handed it proudly, if unsteadily, to his sister.

"It's as like you," said his sister, and Mr. Bordenbury looked pleased. Then she continued: "It's good looking and wants a lot of attention; unsteady on its legs, and when half oiled inclined to explode; flares up occasionally; out at bedtime, and smokes too much."
